**Sébastien Robert OGER**

has successfully completed the online Professional Certificate

# Microsoft Power BI Data Analyst

The role of a Power BI data analyst includes working closely with business stakeholders, collecting data, performing analyses, creating visualizations, & presenting actionable data-driven insights. Learners engaged with the key concepts of Power BI, transforming data into meaningful insights and creating compelling reports & dashboards. They learned to prepare data in Excel for analysis in Power BI, form data models using the Star schema, perform calculations in DAX, & more.
